

Where Edgar Hand worked at Cadgwith				
		On the very top of the cliff overlooking Cadwith is a very small hut		
		Which looks like this as you approach (electricity a modern adaption)		

On the very top of the cliff overlooking Cadwith is a very small hut

Which looks like this as you approach (electricity a modern adaption)

And like this
from the
front (PE in
situ)

Where you
get this view
from the
bench
